

October 17, 2008

TH 100 Sound Wall between 50th Street and Minnehaha Creek (West Side)
Edina, MN

Dear Resident,

My name is Jesse Struve and I work in the Engineering Department for the City of Edina. I worked on the Feasibility Study in response to the petition which was submitted to the City on June 1, 2006. On August 26, a survey was mailed to 57 properties, with proposed assessments. The results were as follows: 2 – Undecided, 15 – Yes, and 22 – No.

Based on the responses from the neighborhood, the Engineering Department will recommend to the council on November 3, 2008, that a public hearing not be ordered and the project closed.

I have attached the Report and Recommendation, which will be presented to the City Council on November 3. The November 3 Council meeting is not a public hearing and residents will not be allowed to speak regarding this topic. Any comments submitted in writing by Wednesday, October 29, will be included in the City Council packets.

If you would like a comment included in the Council packet, please include your name and address. Comments can be submitted by e-mail to jstruve@ci.edina.mn.us or by mail to:

City of Edina
Attn: Jesse Struve
4801 West 50th Street
Edina, MN 55424

If you have any questions, feel free to contact me at 952-903-5713 or at jstruve@ci.edina.mn.us.

Sincerely,

Jesse Struve, PE
Utility Engineer
